DUAMENEFA FOUNDATION VOCATION SCHOOL

Spiritual groundbreaking

Classroom foundation work

Filling to top of foundation

Drilling for Water

It is difficult to wait an entire quarter to share the great work that is ongoing and how God has blessed His work.

The classroom block consisting of six large classrooms now has a foundation and the walls are going up; a very labor intense effort.

After French floors were poured then the raising up the walls to lintel then roofing levels.

The classroom is the first building of five with the others following close behind.

Big steps must be taken to get the school ready for the students and staff (some of who will reside on the school premises) to help with the spiritual process of healing.

OUR POTENTIAL STUDENTS

The students will need a lot of help; both physically and spiritually.

Because the wards are coming out of very abusive and hopeless situations with fearful threats of madness or death constantly over their heads, the love of God will be most important to see them through to complete healing and wholeness. Teaching them an employable skill is secondary to this. With man, it is impossible, but the Word of God says, the truth will set them free in Jesus' Name.

God desires all captives free in body, mind and spirit; free of fear and intimidation and safe in the arms of God.

Interviewing of the applicants will take place in the next few months in anticipation of a September 2022 opening.

Intervention to Save Lives!

WE HAVE PAID GHC 4,500.00 TO THE PRIESTESS OF NOGOKPO SHRINE TO SILENCE FAFAA FM AND TERMINATE THE LIFE OF THE CEO

The undercover investigation team of Duamenefa Foundation of Fafaa 100.3 FM, Dzodze hijacked the voice recordings of a secret meeting between Horsede Kudalor, a voodoo practitioner and his family members of Etrorkorpe in the Akatsi North District of the Volta Region.

In said secret meeting voice recordings, Mr. Horsede Kudalor, in interactions with members of his family claimed he visited Nogokpo in company of Mr. Amegavi Gakpo his friend, where they have paid Ghc 4,500.00 to Mama Ladzesi, the chief priestess to truncate an ongoing investigation on Fafaa FM, silence the radio, and terminate the life of the CEO at any moment.

It is in the public domain for the past eighteen months, since March, 2020 till date, that the Duamenefa Foundation of Fafaa FM, under the leadership of its Executive President and CEO, Emmanuel Ketaman Evortepe, has been investigating allegations of a mysterious wizardry pot which was allegedly inherited by Amegavi and Masaga Gakpo from their late father.

Members of the Gakpokorpe community alleged that their family members are suffering from incessant deaths under mysterious circumstances and other related spiritual attacks for the past 26 years. While they suffered, those who are using the mystery pot prosper financially, hence two factions of the family officially petitioned the Duamenefa Foundation of Fafaa FM to conduct an urgent investigation and intervention to save lives.

The timely intervention of the Duamenefa Foundation of Fafaa FM through undercover investigations and collaboration with relevant stakeholders has yielded positive results which compelled Amegavi Gakpo, the friend of Horsede Kudalor to plead for seven days grace period to revert to the chiefs.

The latest allegations of the attempt by Mr. Horsede and his friend Amegavi to consult Nogokpo Shrine through allegations of bribery to halt further investigations and terminate the life of the investigators and the radio station was again exposed.

Mr. Horsede also claimed, in the said secret meeting voice recordings, that the strange mysterious wizardry pot has been transferred by Amegavi Gakpo from Gakpokorpe in the Akatsi South District to him at Trorkorpe in Akatsi South District for safe keeping.

Mr. Horsede assured his family members that henceforth the Trorkorpe community would be reckoned by other communities as very powerful people.

He further claimed that his friend Amegavi has a lot of money from the operations of the mysterious wizardry pot and owned three tractors, hence the need to go to Nogokpo to pay the ransom to manipulate the voodoo powers against Fafaa FM and their Chief Executive Officer.

When the Nogokpo shrine was contacted to react to the aforementioned allegations, their spokesperson, Mr. Kwaku Adukpo, in an interview on Fafaa FM denied the allegations and claimed they were paid the sum of Ghc 950.00 as consultation and summons fees, but not Ghc 4,500.00 as alleged.

According to Mr. Adukpo, even though the Divisional Chief of Akatsi-Live, Togbi Dzadzi II and his retinue of chiefs held various traditional arbitrations over the controversial alleged mysterious wizardry pot with live broadcasts on Fafaa FM and other social media platforms, and whereas Amegavi Gakpo pleaded for seven days grace to revert to the chiefs, Mr. Adukpo claimed the Nogokpo shrine is not privy to the story and Amegavi and Horsede could not tell them either, hence they have accepted only Ghc 950.00 as summons fee and did issue same to Phillip Gakpo and Togbi Agbedor to appear before their shrine without recourse to Togbi Dzadzi II and his chiefs as tradition demands.

The Duamenefa Foundation of Fafaa FM has reported the matter to the Akatsi Divisional Police Command for further investigation and possible prosecution in the court of competent jurisdiction.

Membership Drive—17,399 and Counting!

The team from Fafaa 100.3 FM have reached the communities of Abor, Afife, Akatsi, Dodorkorpe, Havedzi, Klenormadi and Avalavi to take application for new members.

What is the Membership Drive and what is expected of the members? Are there advantages to belonging to this ever-growing Social Intervention Organization?

Let's liken this membership to being a very large, spiritual watchdog or neighborhood

watch program. Since our goal is to promote peaceful coexistence, the members agree to promote peace in their community. If they observe someone bringing harm, division, evil manipulations against others, they will report them to Duamenefa Foundation of Fafaa 100.3 FM, Dzodze, where these reports will be verified through investigations and if necessary, intervention will ensue to stop the wickedness and restore peace.

The members are from every walk of life; they are Christians, Muslims, idol worshipers, immigration officers, police officers, politicians and chiefs. Members are people who simply want to live in peace and harmony with one another.

The team is going to 34 zones and in collaboration with the Assemblymen of those areas, coordinate the membership drives to promote peace with every new member.

We are delighted to report that those on the side of darkness are shaking now when they hear that Duamenefa Foundation is taking the cases for resolution and some are even giving up before they can be discovered.

All Glory and Thanks are given to God !!!
