## DEVELOPMENT OF YOUTH AND SPORTS

The Duamenefa Foundation since 2017 has initiated the development of youth and sports to unearth the hidden talents embedded in the youth of the Volta Region and to market same to the international community.

It was during our second year finale, in 2018, that the Regional Director of Sports of the National Sports Authority, Volta Region, Mr. Amponfi, Jr. was invited to our finale. He came with others and was so impressed with the organization, he pronounced

the Duamenefa Gala and Marathon a regional tournament putting it on the National football schedule.

In the year 2019, 104 football teams competed in the regional tournament lasting for five full months. The competition was very tight, but the winners emerged successfully celebrating at the grand finale with over 30,000 spectators and dignitaries. The day was also a time the Duamenefa Foundation was officially outdoored.

The pandemic had put a halt

to the tournament for two years, but today the players, coaches and spectators are preparing for the kickoff weekend, 7th of May 2022. Sixty (60) football clubs will be participating in the tournament.

Duamenefa Foundation, an registered NGO of Fafaa 100.3 FM radio in Dzodze in the Ketu North district in the Volta Region of Ghana promotes peaceful coexistence and empowers youth, single parents, vulnerable, with membership of peace seekers of over 26,800.

Scenes from our 2019 Finale and Duamenefa Foundation's Outdooring

**D**uamenefa Foundation is here to set captives free, not only from the spiritual and physical bondage, but from the poverty which keeps them entrapped.

With the guidance of the Holy Spirit, the ground was broken for a major project to build a special type of vocational school. Not only will the vulnerable be trained in an employable skill, but conferences, seminars and training sessions will be held for single parents and other at-risk groups, bringing about a Godly mindset from a worldly one.

The first two buildings are now complete to roofing level; the large six classroom block and the two bedroom bungalow for the Director.

## Vocational School Project Updates

Today, concrete is being poured for the hostel foundation. The walls will be rising very quickly. Much preparation is being done behind the scenes to be ready for the first group of students.
