### SPECIAL MISSION TRIP 2025

#### Jail Ministry

Twenty-two inmates from three local jails were met with Bibles, drinking water and money for food and basics like soap, toothpaste, etc.

The jails do not provide basics and prisoners pray their family or friends will help them while incarcerated.

Giving encouragement in the Gospel, many responded to the call to come to Jesus. Glory to God!

#### Costheta Educational Support Fund

April is a month of celebration as we gather the students, their families and/or pastors together to award the Costheta Educational Support Scholarships to brilliant, but needy students with good Christian character. The one-time support helps university students who find many unexpected expenses in their first year. Dr. David Kotei Nutakor and Duamenefa Foundation want to see the students relieved of some of the financial pressure they might face. Twenty-two students were awarded in 2025 making a total of 102 students since the program began in 2020.

One technical student who showed his good character and hard work was rewarded with a laptop as well as cash.

The top four students whose aggregate for their WASSCE (West African Senior School Certificate Examination) exams were also given laptops. The parents and friends were gathered to great festivities to celebrate the winners with cultural dancing and drumming. Several chiefs including the paramount chief were present.

## Trokosi Release Project—Vocational School

Rev. Gaston Akoto, one of our intercessors shared his testimony of how he grew up as the son of a Trokosi woman in the shrine and the abuses they suffered. He is now leading the great task of gathering information and negotiating for the release of many Trokosi and their families. The vocational school's completion is vital to these next steps.

On another note: Mr. George Bainborough of the UK heard of our efforts and came to visit Papa Ketaman Evortepe to share in the vision to set captives free. He has a school in which he takes in rescued child slaves to raise them in the love of Christ Jesus. He has offered to open the school for all the Trokosi's children as well. We have eight children of the Trokosi's who are now at the school. A true answer to prayer. [Link to a Trokosi's testimony.](#)

## Donations for the Widows and Disabled

- During my brief stay, we managed to put together over 50 large packages to distribute to the very vulnerable of society, the widows and disabled.
- Working with two pastors who in turn brought other pastors in to share to their most needy, distribution was made.
- Each package contained staple foods for the people: Large portions of dried maize (corn), rice, 1/2 case of tomato paste, spaghetti, cooking oil, beans and fish.

It was a most beautiful sight to see the praise and worship and thanksgiving to God.
